BASE DESCRIPTION AND GENERAL INFO

Volos Port is located at the center of Volos, a port city on the east coast of the Greek mainland, situated midway between Athens and Thessaloniki. The city is bustling and varied with all the resources a yacht could wish for in provisions and repairs.

Modern Volos is a relatively new and vibrant city. The waterfront consists of a car-free promenade, lined with an exceptional number of cafe-bars, restaurants and ouzeri / tsipouradika (places to have ouzo/tsipouro with traditional meze). Summertime evenings spent on the waterfront are particularly enjoyable, as you can take a pleasantly warm stroll along the promenade.

Entrance Coordinates: East: **32°94'35.1"** North: **39°25'02.7"**

01. Formalities & Documentation

Before you check-in, you will be handing over at our Welcome Desk the documents required for check in and we will take care of formalities such as signing required documents, handing the yacht's formal documentation & concluding any pending payments (i.e., security deposit & any extras).

DOCUMENTS REQUIRED ON PORT

SECURITY DEPOSIT

The security deposit will be arranged before embarkation at the base. Payment by credit card, we accept Visa and MasterCard. This means that should an incident occur, in order to be covered against a 2nd incident, the Charterer must leave a new security or Non-Refundable deposit equal to the initial amount. In any other case, the charter agreement will be terminated.

02. Inventory list inspection

You will be provided with an inventory list so you may check and confirm inventory delivered with the yacht.

03. Technical inspection

Yacht condition is checked with our staff who will demonstrate basic functional/operational features of the yacht and her equipment.

Certify that you have inspected and understood all the systems, electrical and mechanical of the boat, and found them in a good condition. Make sure that you feel confident and assume full responsibility of the yacht as specified in the Charter Agreement, which you have studied and understood.

Check out procedure

Mandatory: the yacht must return to the base the evening before disembarkation by 18:00 the latest.

To help us be of better service please advise our Base Manager of your expected arrival time to base, in advance. Upon your return and after mooring your boat at the indicated berth in the marina, you will need to refill the fuel tank on the spot in the marina. For more information, please ask the Base Manager. Our staff will be waiting for you where the yacht was moored on the day you departed from the marina.

If during your trip you have noticed any sort of problem or malfunction of the yacht, we would be very grateful if you could advise our staff timely fashioned. It is essential to maintaining a high-quality fleet of yachts for you, that you provide us with any remarks regarding the function and the condition of our vessels, even minor ones, as we believe that detail makes the difference.

During check-out you are kindly asked to allow our staff to come aboard and inspect the yacht and her equipment; your presence is not mandatory so you will not be wasting any time on this. This inspection is detailed, as we need to assure that the yacht will be in perfect condition, not lacking any inventory, for the following clients chartering her after you. After every charter, the yacht is also inspected underwater by the diver so as to avoid any inconvenience.

Claim Policy

In case of complaints, MG Yachts must receive written notice within 24-hours of the incident and not after the end of the charter. Complaints received after the charter period has concluded may not be taken into consideration.
